

Welcome to 5th Grade!

2020-2021

Dear Families,

Hello and welcome to 5D and 5S! This is going to be an exciting, fun-filled year for all of us, even though it may be starting a little bit differently. We are all very thrilled to be starting a new school year and we have a lot of learning ahead of us!

A good learning experience is built on a cooperative effort among parents, students and teachers. With your participation we can look forward to a very productive and engaging year. Together we can make a difference and together we can assist these great kids in achieving success! We look forward to building a relationship with you and your child and thus providing the best education that we are capable of.

Fifth grade is a growing year, which provides students with many new challenges. We are here to assist them as they go on this adventurous new journey. Please remind your child that the effort that they put forth will directly affect the new skills that they will learn and ultimately keep in their tool belt for the future.

Below, you will find a link to the Virtual Handbook for Grades 3-5 which will help you navigate the technology necessary to make virtual learning possible. You will also see the Google Classroom Codes for your Homeroom, Math, Language Arts, Science, Social Studies and Health. Lastly, you will notice the student's schedules. There is a special schedule for Day 1 (Monday, September 14th) and then a daily schedule for each class. Please make sure you are printing the correct schedule, taking note of whether your child is in 5S or 5D.

We look forward to meeting each one of you and sharing more information at our Virtual Back to School Night!

Sincerely,

Mrs. D'Amico and Mrs. Sarnoski
